There are a few good dogs in the world
and a great many mean ones, but it don't
make any difference how good a pup it is,
if he makes night hideous by barks and
howls, he is an unmitigated nuisance, and
ought to be suppressed. Any man who will
keep such a dog ought to—"Muzzle that
dog."

Ben. Heckert has recently received an ap-

of Bangor.

A few days since, we took a ride through
the country, north, east and west of this
place. The farmers were getting well into
their harvesting. In Almena we saw several
fine pieces of rye already cut, wheat was in
good condition, and if the present weather
holds, will be nearly all cut by the middle of
next week. Corn looks as well as could be
expected in such a backward season; and
potatoes will be more than an average crop.
The old machinery has been taken out of the

and other farm buildings, and occasionally a
dwelling house.
